PRODUCT INFORMATION

CLASS: ONE

DESCRIPTION

Stein Bath screens are designed for use where a shower mixer is placed over a bath. Water is kept from spraying out of the wet area, by the sleek screen design. Screens come with polished alloy fittings and are available as pivot/hinged screens. Bath screens are made from 6mm toughened safety glass, and all models have a 5-year warranty. Sizes are standard and not customizable, with a standard height of 1430mm, and widths from 790mm up to 1100mm..

CONTRIBUTIONS TO COMPLIANCE

E3.3.5: Stein Bath screens are likely to be splashed through the intended use of the product. Stein Bath screens are made from 6mm Safety Glass which is impervious. Seals should be fitted correct to ensure water tightness. Refer to installation guide for more information

B2.3.1(c) (i)(ii) & B2.2.2 (b): Bath screens have a warranted durability of 5 years when maintenance standards are adhered to. Bath screens are installed as components of a building system and can be replaced with removing building elements that have greater durability. Refer to installation guide and aftercare document for further information.

SCOPE OF USE

Stein Bath screens are intended for use in the following environments:

- Domestic and commercial bathrooms, including residential homes, government housing, hotels, and apartments.
- Suitable for use with cold and warm water.
- Compatible for use with baths where height is not less than 1430mm.
- Walls are in plumb and bath is level.

WARNINGS AND BANS

This product is not subject to warning or bans under section 26 of the Building Act 2004.
